1. Congratulations, and thank you for the reference reports. It is a real pleasure to have taken over the handling of your operations on such an encouraging note.
2. Although most KIBITZ matters appear to be up-to-date, we may have overlooked something in the recent switch of Headquarters case officers. If you have any outstanding requests or unanswered questions, don't hesitate to call them to our attention and we will make every effort to provide you with the desired support from this end.
